

NEED HOUSE NUMBERS

Over Half the Residences, Stores, Apartment Buildings and Other Structures in Chicago Are Without Them.

The casual observer cannot fail to notice that one of the crying needs of Chicago is street numbers on the buildings.

Since the passage of the new street car ordinance, which provides for the stopping of the cars at even numbered corners only, the absence of the numbers is painfully noticeable, and much annoyance is felt in consequence.

Letter carriers and others who have long suffered from this flagrant disregard of the law requiring numbers on every house, have grown tired of uttering complaints. No attention was paid to them.

Whole blocks all over Chicago are without numbers, and no one in authority appears to care about the fact.

The mention of Alderman William R. Fetzner for higher honors has started a boom for that popular man. His thousands of friends would like to see him elected State's Attorney.

FOR JUST TAXES

Property Owners Outside of the Loop Resent What They Call a Very Unjust Discrimination.

Home owners and owners of realty outside of the loop are loud in their protest against what they consider unfair taxation.

They are raised over 31 per cent on their valuation while the loop district escapes as usual with the same percentage as the little fellow.

All business is driven to the loop by every bit of city legislation.

Rents in the loop have been raised exorbitantly. The loop taxes on income property should be raised accordingly.

Corsiglia Brothers' fine restaurant, at the Southwest corner of Orleans and Illinois streets, is a great favorite with hundreds of the big business men and manufacturers in the vicinity. Corsiglia Brothers have long held a great name for their unrivaled Italian cooking. Their Spaghetti and Ravioli have won well deserved reputations on account of their excellence.

DESERVE BETTER PAY

The overworked letter carriers and postoffice clerks will have to sigh in vain for more money.

No more deserving class of men can be found in the country.

More than that, because of insufficient funds the postal service is far from being efficient.

More men and better paid men are needed.

If necessary the rate of letter postage should be raised.

No one complained when the letter postage was raised from 2 cents to 3 cents for letters outside the city.

This temporary raise netted Uncle Sam \$149,000,000 in one year.

No one was pleased when the rate was reduced to 2 cents.

Now the overworked letter carriers are to have their work increased because, according to a Washington dispatch, favorable report on the annual postoffice appropriation bill, with an amendment providing for a 1 cent drop letter rate was ordered by the senate postoffice committee.

This benefits the circular send and injures the postal service.
